## HOOKSETT BUDGET COMMITTEE REPORT

---

An open meeting of the Budget Committee was held in the Town Hall Monday evening, February 25th, at eight p. m.

A goodly crowd of the people interested in the town's affairs were present and debate on the Articles was plentiful and extremely welcome.

The Secretary, Edgar S. Carbee, and the Chairman, Earl S. Warner, were re-elected for another year.

At the close of this meeting a recess was declared while the hall emptied and then the final meeting was held.

The Articles discussed and the action taken thereon is as follows:

Article 9. Approved and \$100.00 is included in the Town Budget.

Article 10. Approved. The sum of \$30.00 is included in the Town Budget.

Article 11. Not approved.

Article 12. Approved, to the extent that \$1,500.00 of T. R. A. funds be used to widen this road to sixteen feet and tar approximately one third of same.

Article 13. Approved and \$536.44 is included in the Town Budget for same.

Article 14. Approved, to the extent that \$450.00 is included in the budget to grade the hill on Hale Avenue and tar from the Daniel Webster Highway to Bell Avenue, provided this street is accepted by the Town at Town Meeting and as defined by the proper authorities.

Article 15. Not approved.

Article 16. Approved and \$375.00 is included in the Town Budget for same.

Article 17. Not approved.

Article 18. Not approved.

Article 19. Approved and \$33.00 is included in the Town Budget for same.

Article 21. Approved and \$33.00 is included in the Town Budget for same.

Article 22. No action taken because, through discussion by the people at the open meeting, it was agreed that a water precinct should be formed to act upon this article.

Article 23. Approved and \$60.00 is included in the Town Budget for same.

Respectfully submitted,

## AUDITORS' REPORT

---

This is to certify that we have examined the books and accounts of the following officers of the Town of Hooksett, N. H., for the year ending December 31, 1945:

Selectmen, Town Clerk, Tax Collector, Town Treasurer, Overseer of the Poor, Road Agent, Health Officer, Library Trustees, Trustees of Trust Funds, Police and Municipal Court. After careful checking we find that all cash received by the various officers has been paid over to the Town Treasurer and all expenditures have been properly vouched for by him. We found errors in addition in accounts of Town Clerk, errors in classification in accounts of Tax Collector, but these have been rectified. We also found errors in additions and classifications in the Selectmen's book.

RENA B. WATSON,  
RACHEL A. LA FLEUR,  
Auditors.

## PREVENT FOREST FIRES—IT PAYS

---

An average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year destroying many thousand dollars worth of property of all description. It costs many additional thousands of dollars and requires valuable man hours, taken from other essential work, to extinguish them. These losses affect the personal fortunes of the owners and town and state economies. Everyone loses because of them.

Analysis of fire causes reveal the fact that more than 98 per cent of all forest fires are, consistently, the result of human carelessness and are preventable!

We have been extremely fortunate during the past few years. Favorable fire weather and war time restrictions on travel which kept people off the highways and out of the woods have aided materially in reducing fire risks, keeping fires fewer and fire losses low.

We now face changed conditions. People can travel freely. Their love for travel and the freedom of the woods will bring them out in ever increasing numbers. This will step up fire risks materially. The accelerated cutting of the war years has resulted in additional thousands of slash acres. These factors, combined with a possible dry season and human carelessness could easily produce a catastrophe. Everyone must, consequently, be on their guard. They should:

1. Be careful with fire or when smoking in or near woodlands.
2. Cooperate with the local forest fire warden and his deputies by:
  - a. Abiding cheerfully with whatever restrictions it may be necessary to impose. They are intended only to be helpful.

- b. Securing permits to burn debris when the ground is not covered with snow.
- c. Seeing that others comply with requirements.
- d. Promptly coming to the warden's assistance when needed.

If these few fundamental practices are followed it will be possible to PREVENT a large proportion of FOREST FIRES from starting—that PAYS!  
1945 Fire Record:

Number of fires	6
Acreage burned	16 $\frac{5}{8}$
No. of fire permits issued	10

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Hooksett:

This my thirteenth annual report deals with changes in teachers and organization, pupil enrollment and school census, medical inspection and health services, achievement scores, special activities, buildings and equipment, and the annual budget.

Your Board has been fortunate in the employment of well trained and thoroughly efficient teachers. In September Miss Natalie A. Hopkins of Manchester was elected to teach the Fifth and Sixth Grades of the Village School, succeeding Miss Christine A. Somerville who had resigned to accept a similar position in Nashua. Miss Hopkins completed in 1937 the three year course at Plymouth and has taught elementary schools for more than ten years.

At Lincoln Park Miss Elizabeth F. Ahern of Manchester was elected teacher of Grades Three, Four, and Five. Miss Ahern is a graduate of Keene and has been a teacher in the Moore School of Candia.

By reopening a third classroom in the Lincoln Park School, it has been possible to better distribute the grades, placing three in the primary room, three in the intermediate, and only two grades in the grammar school, which has the largest enrollment.

To date 214 children are enrolled in the three buildings. This is 12 per cent less than the enrollment last year. The high school attendance has decreased at least 8 per cent. The following figures are taken from the school census of last September:

No. Boys (5-16 years old)	159
No. Girls (5-16 years old)	164

---

Total	323
-------	-----

Of these the following were not in school:

No. below school age (5-8)	11
No. having completed elementary school (14-16)	6

---

Total	17
-------	----

No. in Hooksett public schools	214
No. in Hooksett private schools	39
Total attending schools in Hooksett	253
No. in Hooksett schools over 16 yrs. old	8
No. in Hooksett schools between 5-16 yrs. old	245
No. Hooksett pupils (5-16) attending High schools outside	45
No. Hooksett pupils (5-16) attending Elementary schools outside	47
Total number (5-16) accounted for in schools	337
No. (5-16) above who live in other towns	31
Whole number of resident children (5-16) accounted for in school	306

The medical inspection for 1944-1945 was made by your School Nurse, Miss Adonia A. Douillette, R. N. Her report follows:

No. of pupils examined	227
No. of pupils successfully vaccinated	224
No. of pupils unsuccessfully vaccinated three times	3

#### Record of annual examinations and follow-up work:

## Report of Special Work:

- 7 children treated by Dr. Provost in Eye Clinic in Manchester.
- 1 child treated at Dartmouth Clinic in Hanover.
- 2 children treated by Dr. Jones in Orthopedic Clinic in Manchester.
- 1 child X-rayed at Balch Hospital in Manchester.
- 2 children given Mental Hygiene Tests by Drs. Stone and Philbrick.
- 161 children given Audiometer Tests by School Nurse.

By appointment through the School Nurse, several child guidance and mental hygiene clinics in our state are giving valuable assistance to school children. The mentally ill child may be the child who is misunderstood and is unhappy. At the mental hygiene clinic he is studied by a psychiatrist, a psychologist, and a pediatrician to discover what may have caused this emotional upset. It may be shyness, fear, worries, or feelings of inadequacy. The child is also examined to discover if there is difficulty in learning, and likewise to find out what capabilities he may have and what are his talents and aptitudes. The child's emotional disturbances may seem unimportant at first, but these can develop into real obstacles in the child's life, and handicap him in his school, his play, and his associations with others. The staff of the mental hygiene clinic are trained to diagnose the individual cases, to give advice that may decrease nervousness or possibly cure it. Thus the child is helped to realize a normal and happy life. Reports from our State Board of Health show that in the last two years 3,000 individuals have visited such hygiene clinics, and of the number over 80 per cent are children of school age.

A comparison of the results of the standardized achievement tests of the last two years is significant of the improvement that may be expected in a school system where teachers of training and experience are retained in service in your primary grades. Frequent changes, no matter how efficient the several teachers may be, tend to destroy the attainment of standard achievement. Following are the total averages by grades for the last two years in the schools of Hooksett:

Grade :	III	IV	V
Standard score anticipated :	3-3	4-3	5-3
Hooksett's averages in 1944	3-2	4-4	5-4
Hooksett's averages in 1945	3-8	4-5	5-2

The achievement scores for individual pupils in specific subjects are kept in the Superintendent's office and are available to parents. When parents cannot visit the office, a transcript of the child's record will, on request, be mailed to the parent.

As a special activity all schools regularly participate in the purchase of U. S. War Stamps and Bonds. The purchases for last year totaled:

Martins' Corner (2 rooms)	\$838.50
Lincoln Park (2 rooms)	1,156.65
Village Grammar (4 rooms)	554.15

Total	<hr/> \$2,549.30
-------	------------------

In the recent Victory Bond sale, the Village Grammar School took the lead with total sales of approximately \$3,200.

Nearly seventy children are patronizing daily the hot lunch service reopened in January to pupils and teachers in the Village School. Mrs. Louise Towle, the lunchroom worker, is giving much time and thought to the preparation of appetizing and nutritious lunches. These consist of a hearty dish, a simple dessert, and a drink—generally milk, or fruit juices. A complete hot lunch costs fifteen cents. A nutritious lunch-box meal cannot be prepared at much less cost. All receipts from the sale of lunches are applied to the purchase of food materials. Mrs. Towle not only prepares the lunches, but also plans the menu and buys all food materials. The lunchroom worker is paid from funds appropriated by the school district.

The Public Service Co. recently placed in the school kitchen a new electric range. This is supplied without cost to the school. Individual glasses, soup bowls, and cooking utensils have been purchased from the appropriation for new equipment.

Your Village School is one of six larger schools in this Union that now maintain complete lunch service for bus pupils and others who remain during the noon hour.

Noticeable improvement in school work during the afternoon sessions has been observed in respect to several pupils since they have been having hot lunches. This is likewise noticeable in other schools giving similar service.

A much appreciated and major improvement in building equipment is the recent installation in the Martin's Corner School of hot water heat from an oil-fired boiler. A thermostatic unit in each room regulates the temperature irrespective of temperatures in the remainder of the building. The corridor coat-rooms as well as the laboratories now are amply heated. The removal of the coal-burning units from the classrooms provides needed space at the front of each room and much improves the lighting of blackboards in the grammar school room.

Since the two hot-air furnaces in the Lincoln Park School must soon undergo major repairs, it would seem feasible to plan to use in this building a single oil-burning system similar to the installation at Martin's Corner.

The suggested budget for 1946-1947 exceeds the appropriation by more than \$3,000. This increased demand is due to three factors: (1) the increasing cost of elementary schools, (2) the mounting cost of high school instruction throughout the state which governs the legal rate of tuition, and (3) failure by the last legislature to appropriate an adequate sum to meet the legal demands of your state aid law for the support of elementary schools. (Hooksett thus lost in state aid for the present school year \$1,158.15.)

This year the salary paid to women teachers in some of the one-room rural schools in New Hampshire amounts to \$1,600, while men teachers in small elementary schools are being paid \$2,000.

The "Teacher Retirement Law" of 1945, Section 6: Chapter 136, provides that the school district share with the individual teacher by contributing annually to the state a specified per cent of his salary to be applied to the individual's retirement fund.

It follows that the increasing scarcity of competent teachers and the mounting cost of education are matters of most serious consideration in all parts of the country, particularly in those communities where sources of taxation are diminishing.

President Truman in his message to Congress, last month, emphasized the urgent need for federal aid, in addition to present local appropriations, to insure the maintenance of adequate educational facilities in the various states.

The President wisely advocates the allotment of such aid without federal interference with local control.

The element of local initiative has been fundamental in our social and industrial development, particularly in New England. The essence of local initiative has its source in a well informed and actively participating citizenship. The training of our youth with this end in view is of increasing significance to the welfare of the individual and community.

Respectfully submitted,

GEORGE H. HARMON,  
Superintendent of Schools.
